Training and Support Services (All Populations)  
Transitional Work Opportunities at School (Under age 65)

## Services that *exceed demand*

None

## What issues/barriers are currently most critical to overcome in Red Lake County to ensure that persons of all ages and disabilities have home and community-based support options?

We have done more with education the public about services, however, there are still quite a few people who are not aware that you don't have to be "destitute" to receive services. I think that the more the public is aware of services and the demand for help increases, whether it's publicly funded or privately, it is at that time, that we will see an increase in providers. I would hope for that anyway.

## Highest Priority for HCBS Development:

We recently started a "senior committee" made up of key providers and person's of interest in providing service to our disabled and elderly. Through that committee, they felt that transportation and respite were big issues. Also, we do not have a "Customized Care" provider in the county. We would like to develop something in that area so that our seniors do not have to leave the county to receive the service that they need.

## Part 3: Housing Options

### Has there been any new development of Housing and/or Housing/Service Arrangements for persons of all ages and disabilities in the past two years?

No

## Resources for Accessible Housing

### Resources for Accessible Housing that are *not available*

None

### Resources for Accessible Housing that are *limited*

Subsidies for low-income persons who need home modifications

### Resources for Accessible Housing that *exceed demand*

None

## Housing Options

### Housing Options that are *not available*

None

### Housing Options that are *limited*

Subsidized rental apartments with support services only

Subsidized rental apartments with supervision/health care services

Market Rate rental apartments with supervision/health care services

Market rate adult family foster care

Other subsidized housing options (e.g. Board & Lodging, Board & Care, Residential Care)

Other market rate housing options (e.g. Board & Lodging, Board & Care, Residential Care)

### **Housing Options that *exceed demand***

None

### **What issues/barriers are currently most critical to overcome in order to ensure an appropriate supply of housing options for older persons and persons with disabilities in Red Lake County?**

We have providers who provide a great deal of service to person's in their homes and in apartments and the senior housing/complex. We do not have a customized program, both partial and 24 hour.

### **Highest Priority for Housing Development**

Supporting the development of customized care.

## **Part 4: Long-Term Care Specialty Beds/services- Nursing Homes**

### **Long Term Care Specialty Beds/Services that are *not available***

None

### **Long Term Care Specialty Beds/Services that are *limited***

Dementia care

Heavy care, complex medical management

### **Long Term Care Specialty Beds/Services that *exceed demand***

None

### **Issues/barriers most critical to overcome in order to ensure an appropriate supply of Nursing Home Specialty Beds/Services**

Some of our clients require a service such as dialysis, we are unable to provide that and the nearest provider is 45 miles away. Because of this, we have had some consumers relocate to areas closer to the providers.

### **Top two barriers in Red Lake County to relocating persons from nursing homes into the community**

Lack of caregivers, lack of housing with enough services and transportation for procedures such as dialysis
