

Support Planning Professional Learning Community (SPP LC)

March 29, 2017

To ask a question during the presentation use the Q&A Panel in WebEx

The screenshot shows a window titled "Q&A" with a close button (X) in the top right corner. Below the title bar, there is a tab labeled "All (0)". The main area of the window is empty. At the bottom, there is a section labeled "Ask:" with a dropdown menu currently set to "All Panelists". Below the dropdown is a text input field containing the instruction: "Select a panelist in the Ask menu first and then type your question here. There is a 256-character limit." To the right of the text input field is a "Send" button.

Select “All Panelists”, type your question, and click Send.

Early Intensive Developmental and Behavioral Intervention Benefit (EIDBI)

EIDBI Policy Team

Nicole Berning, EIDBI Policy Lead

Sirad Shirdon, EIDBI Clinical Lead

Legal Authority for EIDBI Benefit

- Passed into law in May 2013, [Minnesota Statute: 256B.0949 Autism Early Intensive Intervention Benefit](#)
 - Required healthcare benefit under Early and Periodic Screening Diagnosis and Treatment (EPSDT)
 - Medically necessary intensive treatment
 - Address and treat functional skills and core developmental deficits of persons with ASD (Autism Spectrum Disorder) or a related condition.
- CMS approved State Plan Amendment in March 2015, [EIDBI state plan amendment \(PDF\)](#)
- Current proposed legislation:
 - Senate draft [S.F. 562](#)
 - House draft [H. F. 919](#)

What is EIDBI?

The purpose of the EIDBI benefit is to provide medically necessary, early and intensive intervention for people with Autism Spectrum Disorder and related conditions.

The benefit is also intended to:

- Educate, train and support parents, caregivers and families
- Promote people's independence and participation in family, school and community life
- Improve long-term outcomes and the quality of life for people and their families.

How is the EIDBI benefit unique?

- Prioritizes early intervention and diagnosis
- Offers family/ caregiver training and counseling
- Coordinates care across all service providers
- Research component provides an opportunity to study the outcomes to further the evidence and inform future EIDBI policies and procedures

How is the EIDBI benefit unique?

- ASD 101, EIDBI 101, Multi-Cultural 101 training provided

For additional information, see [EIDBI Policy Manual – Overview of Training for EIDBI Providers](#)

How is the EIDBI benefit unique?

- Covers a range of behavioral and developmental intensive treatment approaches and methodologies:
 - ABA
 - Early Start Denver Model (ESDM)
 - PLAY Project
 - Developmental Individual-differences Relationship-based DIR/ Floortime Model
 - Relationship Developmental Intervention (RDI)

For more information, see [EIDBI – Intervention – Treatment Modalities.](#)

Who is qualified to receive EIDBI services?

- Birth up to age 21
- Medical Assistance including MinnesotaCare, MA managed care and MA-TEFRA
- Meet medical necessity as determined by the Comprehensive Multi-Disciplinary Evaluation (CMDE)

For more information see EIDBI Policy Manual – [Eligibility](#) and [Medical Necessity](#).

How does a person access the EIDBI benefit?

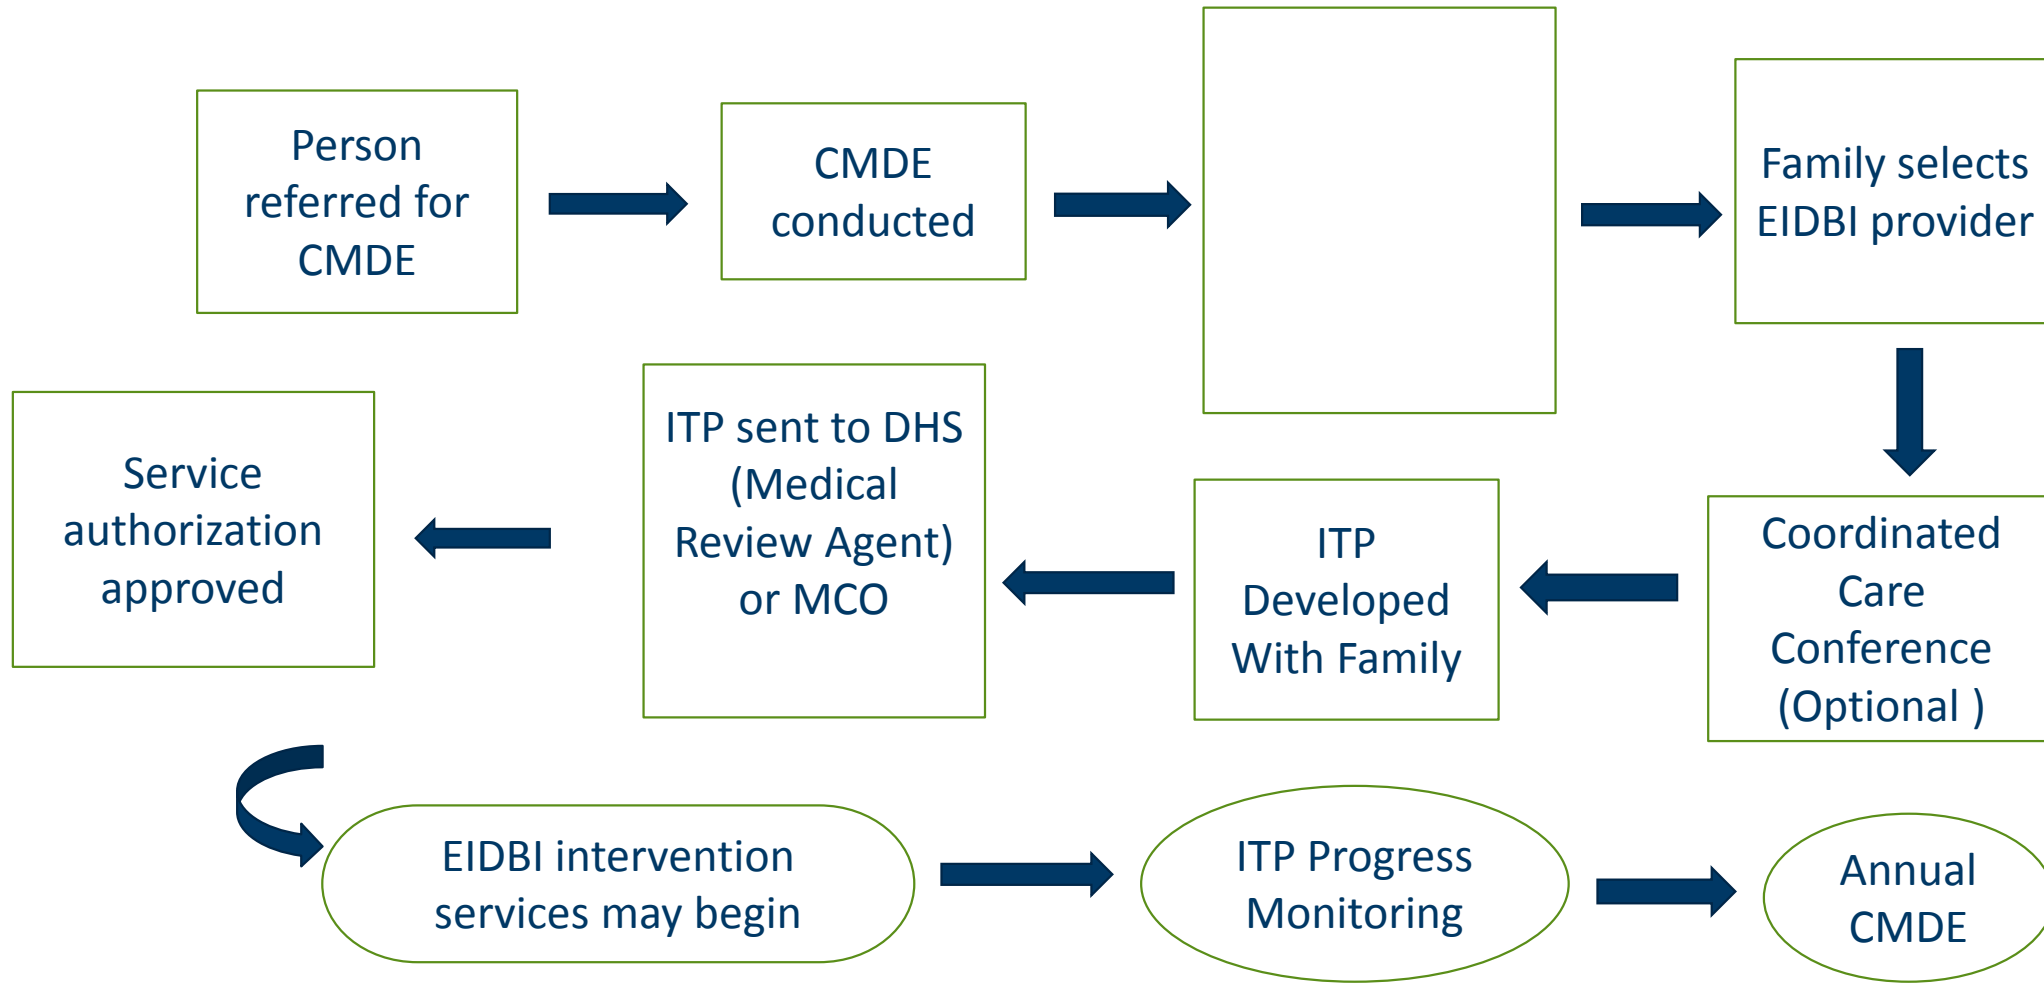

A person may be referred for a CMDE by anyone, including but not limited to:

- Parents
- Child care workers
- Teachers
- Medical professionals
- Social Workers
- Case Managers & Counties

For additional information, see [EIDBI Brochure](#).

An eligibility determination is made by a qualified CMDE provider.

Pathway to EIDBI Services

What services are covered by the EIDBI Benefit?

- Comprehensive Multi-Disciplinary Evaluation (CMDE)
- Individual Treatment Plan (ITP) Development and Monitoring
- Coordinated Care Conference
- EIDBI Intervention
- Intervention Observation and Direction
- Family/Caregiver Training and Counseling

CMDE

An EIDBI service that covers the required comprehensive evaluation of the person. The information gathered in the CMDE is used to:

- Determine the person's eligibility and medical need for EIDBI services
- Develop the person's individual treatment plan (ITP), including treatment type and intensity.

For additional information, see [EIDBI Policy Manual – Services – CMDE.](#)

ITP Development and Progress Monitoring

An EIDBI service that covers the development of the person's initial ITP and ongoing monitoring of his or her progress. The ITP is a person-centered plan of care that:

- Is created from the information gathered in the person's CMDE
- Specifies the type and amount of services the person will receive.

For additional information, see [EIDBI Policy Manual – Services – ITP Development and Progress Monitoring.](#)

Coordinated Care Conference

An EIDBI service that covers a meeting between the person, his or her family, EIDBI provider(s), other service professionals and/or other individuals the person/family requests.

For additional information, see [EIDBI – Policy Manual – Coordinated Care Conference](#).

Observation and Direction

An EIDBI service that covers the clinical direction and oversight given by a qualified EIDBI provider to a lower-level EIDBI provider who is delivering individual intervention services.

For additional information, see [EIDBI – Policy Manual – Observation and Direction.](#)

Family/ Caregiver Training and Counseling

An EIDBI service that covers specialized training, education and support for a person's family/caregiver.

For additional information, see [EIDBI – Policy Manual – Family/ Caregiver Training and Counseling.](#)

Who can provide EIDBI services?

- Enrolled CMDE PROVIDER: Conducts the CMDE evaluation to determine medical necessity
- EIDBI PROVIDER AGENCY: Treatment agency that provides EIDBI services
 - Qualified Supervising Professional (QSP)
 - Level I
 - Level II
 - Level III

For additional information on provider qualifications, as well as roles and responsibilities, see [EIDBI – Policy Manual – Overview of Providers](#)
