DHS Staff Introductions

What is EIDBI?

EIDBI services focus on supports that help a person:

- Interact with others
- Learn and play
- Improve functional communication
- Build independence
- Focus on goals that lead to an improvement in a person's quality of life
- The person's and family's primary spoken language, culture, values, goals, and preferences are valued and incorporated into the treatment plan.

Developmental, Individual Difference, Relationship-Based Model of Intervention (DIR/Floortime)
