

Medication Therapy Management Services Education Requirements

MHCP reimburses Medication Therapy Management Services (MTMS) provided to its fee-for-service recipients. To be paid, pharmacist must enroll with MHCP for MTMS. A provider for MTMS must have graduated from a college of pharmacy after May 1996 or passed a DHS approved Accreditation Council of Pharmacy Education (ACPE) program that has both didactic and clinical elements.

The clinical component of the course must include seeing actual patients and having those encounters evaluated by the course sponsors. Additional courses may be approved and added to this list. To have a program evaluated for approval, fax your name, phone number and the sponsor's course description to **Pharmacy Unit (651) 431-7426**.

List of DHS approved ACPE programs

The Pharmaceutical Care Certification Program
