# MAPCY SCORING ADJUSTMENTS

- **Domain U (Young Parents) which was previously only available in the EFC-SIL assessment tool has become Domain I in both the EFC-SIL tool and the Youth tool.**
  - Measures the support for parenting foster youth *living* with their child/ren when an agency does *not* have placement, care and supervision responsibility for a youth's child/ren.

# MAPCY SCORING ADJUSTMENTS

- Domain I adds 0, 20 or 30 points to a youth's MAPCY score, resulting in more supports for them as they parent their child/ren.

## Youth's Child Indicators

### CHECK ONE:

- a. Youth is not a parent or is a parent, but the child is not living with them.
- b. Youth is a parent, and their child is living with them.
- c. Youth is a parent, and two or more of their children are living with them.

Explain if you selected b or c
