Bug Fixes

- Entering "Perpetrator Description"
 - Reports from the MAARC Call Center can no longer be sent without Allegations entered
 - "Type of fiduciary relationship" pulls when the Allegation is "Financial exploitation fiduciary relationship"
 - Web reports with only a "Perpetrator Description" no longer create a client named "Unknown, Unknown"
- EPS counties are no longer listed as the Lead Investigative Agency
- The bounce referral message updated when attempting to bounce a report a second time

Type of Fiduciary Relationship

Alleged perpetrator

FLARE (Continuation)		Sent

Other Comments

- Receiving reports with a business entered as a Client
 - Information is entered that way by Mandated Reporters on the web report – the business folks are looking into a way to address this
- Bounce History will not display in the Lead Investigative Agency grid – we are looking at ways to address this
- Reports sent more than once – each time a report is sent to an agency, a new ID is created
