My Move Plan Summary

My Move Plan Summary Edoc will be published in the very near future.
HCBS Lead Agency Review
The six HCBS programs examined during the review are:
- Alternative Care (AC) program
- Brain Injury (BI) waiver
- Community Alternative Care (CAC) waiver
- Community Access for Disability Inclusion (CADI) waiver
- Developmental Disabilities (DD) waiver
- Elderly waiver (EW)

DHS initiated the review in 2006 and has, to date, completed two full rounds of reviews.

As of today, we have completed 29 of the 90 lead agency site visits for the third round of reviews (August 2015 to May 2018).
The goal of the HCBS Lead Agency Review (LAR) is to determine how HCBS programs are operating and meeting the needs of the people they serve.

This evaluation process uses a comprehensive, mixed-method approach to review data, much of which is gathered during a multi-day site visit.

DHS uses quantitative and qualitative information gathered for a variety of purposes.
Current Case File Review and Samples  
(through June 30, 2016)

- Case file sample consists of open case files for each program to review items that are:
  - Required technical compliance items found in MN Rule, MN Statute, federally approved waiver plans, etc. (All of these will remain.)
  - Quality indicators that are not required. (All of these will be eliminated.)

- Additional samples are pulled for (if applicable):
  - Jensen settlement members open to a waiver. (This will remain.)
  - Individuals requiring a Positive Support Transition Plan (PSTP). (This will remain.)
  - Claims for non-MHCP enrolled Tier 2 service vendors. (This will remain.)

Why Is HCBS LAR Making Changes?

- **Person-Centered, Informed Choice and Transition Protocol:**
  - On February 10, 2016 DHS released a “Person-Centered, Informed Choice and Transition Protocol”.
  - It communicates expectations regarding person-centered practices with lead agency partners (counties, tribes and health plans).
  - It is a set of essential elements that must be used to drive Minnesota's long-term services and supports and mental health system.

- **Lead Agency Requirements for Person-Centered Principles and Practices – Part 3:**
  - Outlines how these requirements will be monitored by DHS.

Questions: Use Q&A Panel and send to "All Panelists"
Why Is HCBS LAR Making Changes?

The requirements to implement person-centered planning come from multiple sources, including federal rules and requirements, state rules, state statute and a court-settlement agreement.

“The Protocol” incorporated person-centered requirements from three main sources:

1. **Minnesota’s Olmstead plan**: Person-centered practices are the foundation of the topic areas and goals identified in the Olmstead Plan. The Olmstead Plan also includes a specific section with measurable goals and strategies on person-centered planning.

2. **Jensen settlement agreement**: As part of the Jensen Settlement, DHS agreed to a number of activities, including to ensure that class members would have a current, up-to-date person-centered plan and informed choice about where they live and services they receive.

3. **CMS HCBS settings rule**: The Centers for Medicare & Medicaid Services (CMS) issued an HCBS rule that includes criteria for person-centered planning processes and individual person-centered plans.
Changes to the Review  
(beginning July 1, 2016)

#1: Oversight groups at DHS selected a number of person-centered practices from the Protocol that were deemed to be most valuable.

- For the purpose of LAR, these requirements needed to be streamlined for manageable monitoring. Only a portion of the requirements will be reviewed. 26 items are being added.
- Some of the 26 items were already being reviewed as quality indicators (i.e., LAR already looked for them but they were not “enforced/required” until now).
- These items will be added to the list of items reviewed beginning 7/1/2016.

#2: The Protocol also includes a requirement around transition planning

- The lead agency review team will be pulling an additional sample of individuals that experienced a transition in their living setting since the protocol was released.
- For these individuals, additional information will be reviewed.
These items must be in the person’s support plan:

1. Risks are identified in the support plan and it includes a plan to reduce any risks.
2. The support plan incorporates other health concerns (e.g. mental health, chemical health, chronic medical conditions, etc.).
3. The support plan is written in plain language.
4. The support plan records the alternative home and community-based services that were considered by the person.
5. Natural supports and/or services are included in the support plan.
6. The support plan includes strategies for solving conflict or disagreement within the process, including any conflict of interest guidelines for planning participants.
7. The support plan identifies who is responsible for monitoring implementation of the plan.
8. The person’s strengths are included in the support plan.
9. The support plan describes goals or skills that are related to the person’s preferences.
10. The support plan includes a global statement about the person’s dreams and aspirations.
11. The support plan includes details about what is important to the person.
12. The support plan includes a method for the individual to request updates to the plan, as needed.
These items can be found in the person’s support plan, CSSP addendum, CL tool, MnCHOICES assessment report, a separate person-centered plan, case notes, or other lead agency generated documents. These items must be dated within the person’s two most recent reassessments.

1. The person was provided information to make an informed decision about competitive, integrated employment.
2. The person’s decision about employment is documented.
3. Opportunities for choice in the person’s current environment.
4. The person’s preferred living setting is identified.
5. The person’s level of involvement in the planning process.
6. Has the person chosen a different living arrangement than their current living arrangement? If so, a plan is in place on how to help that individual move to their preferred setting.
7. Action steps describing what needs to be done to assist the person in achieving his/her goals or skills.
8. The person was offered experiences to help them make an informed decision about competitive, integrated employment. NOTE: The source of this item may be from a service provider.
9. The person’s preferred work activities are identified.
10. Documentation that the support plan was distributed to the individual.
11. Documentation that the support plan was distributed to other people involved (e.g. planning participants, service providers, etc.).
12. The person’s current rituals and routines (quality, predictability, preferences).
13. Social, leisure, or religious activities the person wants to participate in.

Transition Summary / “My Move Plan” Items:

- **Sampling:**
  - Claims data will be used to identify moves for people on a waiver program or from Rule 185 to waiver.
  - Moves that occurred since March 1, 2016.

- **Documentation:**
  - For transitions that occurred prior to June 1, 2016: Items can be found in the person’s support plan, CSSP addendum, CL tool, MnCHOICES assessment report, a separate person-centered plan, case notes, or other lead agency generated documents.
  - For transitions after July 1, 2016: Items must be found on DHS 3936A “My Move Plan Summary”.
  - All items must be dated within one year of the transition.
Changes to the Case File Sample  
(beginning July 1, 2016)

**Transition Summary / “My Move Plan” Items:**

1. Move to address documented  
2. Move date documented  
3. How will person get to new place  
4. Date and time belongings will arrive  
5. Who will deliver belongings  
6. Plan for medications  
7. Follow up contact/plan  
8. Upcoming appointments/plan  
9. Support team contact info  
10. Person/guardian signature  
11. Case manager signature  
12. During transition planning, there is evidence that the person was provided information and options to make informed choices that were meaningful to them.  
13. OR: Documentation that the person did not want assistance coordinating his/her move or that the case manager was not aware of a planned move.

Roll-Out Timeline

Starting in July 2016, the HCBS Lead Agency Review team will begin to monitor compliance of the requirements outlined above.

- Counties are being informed of these changes as we talk with them and plan our visit.
- Data will be used to in quarterly Olmstead reporting.

July 2016 to March 2017: the review team will provide feedback to the lead agencies on their performance (i.e. educational or recommendations issued).

Beginning in April 2017: review team will enforce/require compliance with all of these items. This includes:

- Individual remediation when lead agencies do not comply for any cases reviewed.
- Corrective action plans when patterns of non-compliance are identified.
To help lead agencies document these items, updates to existing eDocs are being made and new eDocs are coming:

**Adjustments are being made to:**
- 6791B (CSP/CSSP)
- 6791C (instructions)
- 6791D (signature page)
- MCO Collaborative Care Plan

**Monitoring and Evaluation tools** being released in late July to document some items.

**“My Move Plan”** being released shortly.

Remember to update lead agency generated templates (i.e. legacy ISPs) to help promote compliance.

Helping Lead Agencies Comply

- Remember to update lead agency generated templates (i.e. legacy ISPs) to help promote compliance.
- The Protocol includes over 20 pages of person-centered planning requirements that lead agencies must now follow. Not all of these are being monitored by the HCBS LAR at this time. However, it’s important to remember that ALL are required.

Informed Choice & Employment
“Process includes supporting choices for competitive, integrated employment.”

“The support planner will engage with the person about employment opportunities, ensure that the person has information and experiences needed to make a decision about work and incorporate employment goals into service planning.”
Competitive, Integrated Employment

- Full-time, part-time, or self-employment with or without supports
- Paid by an employer who is not the individual’s service provider
- Paid at least at minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by workers without a disability.
- Work in an integrated setting typically found in the competitive labor market

*Definitions of Competitive, Integrated Employment can be found [MN Employment First Policy](#) and the [MN Olmstead Plan](#)
What have people heard?

• “You will lose your benefits.”
• “You aren’t going to get better so you can’t work.”
• “You don’t work fast enough.”
• “You can’t work during those hours.”
• “You don’t have transportation.”
• “You won’t be safe.”
• “You won’t have any friends.”

You need to show the ability to work in the community before you can

Framework and Toolkit

- Background information, tools and resources to support effective conversations about work

- Located on Disability Benefits101 (db101.org)
  - Click on the PARTNERS TAB then “GO DEEP AND APPLY”
  - https://mn.db101.org/partners_2.htm
1. Engage & Discover - What is this person’s story? What are they saying or asking about work?

2. Planning - Where is this person at? What can go in the plan to support them?

3. Implement & Follow-up - The door is always open!
Step 1: ENGAGE/DISCOVER

- Exploring interests, skills. (What is this person’s work story?)
- Asking open ended questions
- An approach that is curious, exploratory, creative
- Learning what is important to and for a person
- Thinking about employment as a solution

Questions: Use Q&A Panel and send to "All Panelists"
Step 2: PLAN

• Starting a job search

• Information people may need to make a decision about working or changing their current work situation. Examples include:
  - Getting more information about impact of work on benefits
  - Meeting with people who work
  - Exploring job opportunities- job shadowing, information interviews
  - Attending a work shop, conference or training about employment
  - Learning about job accommodations or assistive technology

Questions: Use Q&A Panel and send to "All Panelists"
Step 3: IMPLEMENT AND FOLLOW-UP

- Modify goals and next steps as needed
- Link the check-in frequency to the what is outlined in the plan
- If the person is choosing not to work, periodically check in with the person about that decision.

Questions: Use Q&A Panel and send to "All Panelists"
The person’s goals related to employment

Plan to address any questions or concerns about work.

When and how follow-up will occur related to employment choices.
Looking Ahead

- All people have an opportunity to explore employment
- All people have information and experiences to make decisions about work
- Employment goals are identified and active
- More people have jobs!
