245D & Positive Support Transition Plans
Positive Support Transition Plan (PSTP)

The plan required by 245D providers to:

1. Eliminate the use of prohibited procedures
2. Avoid the emergency use of manual restraint
3. Prevent the person from physically harming self or others
4. Increase quality of life

PSTP replaced Rule 40 & Behavior Support Plans
PSTP Defined

245D.02: Definitions

Subd. 23b. **Positive support transition plan.** "Positive support transition plan" means the plan required in section 245D.06, subdivision 5, paragraph (b), to be developed by the expanded support team to implement positive support strategies to:

(1) eliminate the use of prohibited procedures as identified in section 245D.06, subdivision 5, paragraph (a);
(2) avoid the emergency use of manual restraint as identified in section 245D.061; and
(3) prevent the person from physically harming self or others.
245D Prohibited Behavior Interventions*

- Chemical Restraint
- Mechanical Restraint
- Prone restraint
- Manual Restraint, other than in an emergency
- Time Out
- Seclusion
- Any aversive or deprivation procedure

*245D.06, subd. 5
Subd. 8. **Positive support transition plan.** License holders must develop a positive support transition plan on the forms and in the manner prescribed by the commissioner for a person who requires intervention in order to maintain safety when it is known that the person's behavior poses an immediate risk of physical harm to self or others. The positive support transition plan forms and instructions will supersede the requirements in Minnesota Rules, parts 9525.2750; 9525.2760; and 9525.2780.
Subd. 8. **Positive support transition plan.** License holders must develop a positive support transition plan on the forms and in the manner prescribed by the commissioner for a person who requires intervention in order to maintain safety when it is known that the person's behavior poses an immediate risk of physical harm to self or others. The positive support transition plan forms and instructions will supersede the requirements in Minnesota Rules, parts 9525.2750; 9525.2760; and 9525.2780.
Timelines

245D.06: Protection Standards, subdivision 8 continued...

The positive support transition plan must phase out any existing plans for the emergency or programmatic use of aversive or deprivation procedures prohibited under this chapter within the following timelines:

(1) for persons receiving services from the license holder before January 1, 2014, the plan must be developed and implemented by February 1, 2014, and phased out no later than December 31, 2014; and

(2) for persons admitted to the program on or after January 1, 2014, the plan must be developed and implemented within 30 calendar days of service initiation and phased out no later than 11 months from the date of plan implementation.
