

---

Minnesota Children with Special Health Needs (MCSHN) is administered by the Minnesota Department of Health. |

MCSHN provides an information and referral telephone line for families, teachers, social workers, and others to help identify and locate resources and services for children with special health needs and their families. |

Refer interested families to MCSHN at 651-215-8956 or 1-800-728-5420.
