

## SSIS Adult Protection eLearning Suite

The Adult Protection eLearning suite contains various learning tools that are available online, including videos, short courses, and other on-demand types of resources. Most resources will be available through TrainLink, unless otherwise indicated. To access the Adult Protection eLearning items, select 'Children's Services' on the TrainLink page, choose 'Course Catalog', and enter either the title or course code for the item you wish to view.

### APS Essentials eLearning courses

To provide more targeted and relevant courses specific to Adult Protection workers, new SSIS APS Essentials courses are available as part of the SSIS Essentials eLearning curriculum. The first two new courses, SSIS APS Essentials 104A and 104B, replace the current SSIS Essentials course, SSIS Essentials 104: Creating an Intake.

Both courses require the completion of SSIS Essentials 103: Intake and Workgroup Searches. There are no prerequisites for either course, but they must be taken in order.

Course Title	Course Code
SSIS Essentials 104A: Exploring APS Intakes	SSISAP104A
SSIS Essentials 104B: Exploring APS Assessments	SSISAP104B

### Minnesota Adult Protection Structured Decision Making® and Standardized Tools

Adult Protection Structured Decision Making (SDM)® and Standardized Tools for Adult Protection includes structured and standardized tools, [required by statute](#), to support APS consistency in service response to maltreatment reports and in assessments for intake, safety, and service planning with vulnerable adults and their primary support persons.

The tools should be used in conjunction with the Structured Decision Making® and Standardized Tools Guidelines and Procedures Manual and the Minnesota Adult Protection Policy Manual found on the [Adult Protection: Program Overview site](#).

Each video provides an overview of the purpose of and a demonstration of how to create and complete it. All videos are available through TrainLink, have no prerequisites, and can be viewed in any order.

Video Title	Course Code
Adult Protection EPS Standardized Intake Tool	APSDMEPS
Adult Protection SDM® Intake Assessment	APSDMINA
Adult Protection SDM® Intake Assessment - Override Approval	APSINAOA
Adult Protection Adult Closing Assessment	APSDMCLA
Adult Protection SDM® Initial Safety Assessment	APSDMISA
Adult Protection SDM® Strengths and Needs Assessment	APSDMSNA

### Additional eLearning Resources

Below is a list of additional eLearning courses, videos, and other resources that are part of the Adult Protection eLearning suite. Unless otherwise stated, you will find each resource and a brief summary of its contents in TrainLink using the course code provided.

<b>Resource Type</b>	<b>Title</b>	<b>Course Code</b>
Video	Intake and Assessment, Time and Activity Reporting	APSBRASSV
