

AFTER THE C CLEANUP...

- Change the 'Report status' to 'Assessment Complete'.
- The CPS Notice of Determination letters use the highlighted fields to help pick the correct wording.

4

HERE'S A FACILITY CHILD MALTREATMENT REPORT

- Facility Investigation workgroups require additional fields for completing the report.

5

IMPORTANT SIDE NOTE!!!

- Did you know...when a Facility Investigation has a Maltreatment Determination of "Yes", at least one of the highlighted questions needs to have a selection of "Yes".
- Somebody is responsible for the maltreatment..
- "facility staff person" is an imperfect way of including anyone in the home who is subject to a Background Study. There are plans to change the wording in version 15.3.

is facility responsible? Yes No

is facility staff person responsible? Yes No

is licensing action recommended? Yes No

DISCLAIMER:
There are extenuating circumstances where the answer is "No" to both questions. Contact the Helpdesk for direction.

TRICKY TEMPLATE SEARCH

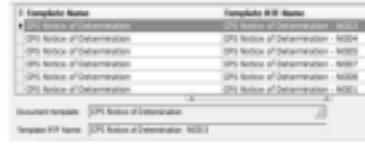

- ▶ The Template Search Preview may not look like the correct document.
- ▶ DONT WORRY! The correct template is not selected until you complete the Setup tab.

12

TEMPLATE SEARCH GRID

- Currently, there is a grid that displays above the document in the preview.
- It looks like there are multiple documents to choose from.
- It is not necessary to pick any specific one.
- There are plans to "hide" the grid in a future release, but plans are not yet set.
- Remember the document text is not "calculated" until the Setup tab is complete.

13

THE SETUP TAB

- The "Workgroup" section contains questions based on what the CP Track was for the Maltreatment Report.
- The questions will look different for Family Investigation versus a Facility Investigation.

14

Is there a determination that the individual is serious and/or recurring and the individual is disqualified?

Does the license holder pose a risk of harm requiring immediate removal?

Is the individual disqualified in connection with a family child care license?

Who will receive the notice?

non license holder / facility staff
 license holder / facility director
 parent
 private licensing agency

Use these for facilities licensed by Corrections.

17

SPECIFIC OFFENDER

- The CPS Notice of Determination letters can be generated specific to an offender.
- The letters cannot be generated specific to a victim.
- Each allegation of a abuse for each victim must have NOD generated for Offenders/Non-Offenders/Mandatory Reporters if requested.

Is this notice based on findings for a specific offender?

18

- At the end of the Setup tab is a section titled "Child maltreatment report".
- This is all information pulled from the Child Maltreatment Report.
- "Facility information" and "Alleged offender" can be edited.

SALUTATIONS

- Most of the letters allow for multiple addressees on the Setup tab.
- The document needed to account for multiple, but the appropriate language is not a merge field.
- That means the document will have the word "and," in the Salutations.
- Since the word is not a merge field, it can be edited or deleted.

DOCUMENT MATCHING ERROR

28

FIRST STEP...

- Clarify which document the worker is using.
- NODs, CP NODs, CPS Notice of Determination letters...often is a reference to any of the available letters.

- CPS Family Assessment Mandated Reporter Summary Notice
- CPS Family Investigation Notice of Reconsideration
- CPS Notice of Assessment Summary
- CPS Notice of Determination
- CPS Summary Disposition Notice

SECOND STEP...

29

- Verify that the Setup tab is complete and correct.
- If changes were made to an existing Setup tab, remember to Reset to Template.

SECOND STEP...

30

- ▶ The new RTF documents had to be designed in a different way to accommodate all of the variations.
- ▶ This means the "Re-merge Document" option will not fully update a document when the Setup tab is changed.
- ▶ Instead, changing the Setup tab will cause a new warning message to display on the RTF Document tab.
- ▶ Select "OK" and "Reset to Template" to update the document.
- ▶ **WARNING!** Any text or other manual changes made to the document will be cleared.

SIDE NOTE...RESET TO TEMPLATE 31

- ▶ Check the Child Maltreatment Report.
 - ▶ Is the report complete?
 - ▶ Is the report filed out correctly?
 - ▶ Victim/Offender Information
 - ▶ Determination
 - ▶ Report Track

THIRD STEP... 32

- ▶ Determining maltreatment on an unknown offender
- ▶ Not determining maltreatment due to several potential offenders not yet determined.
- ▶ Facility investigation where the alleged offender is not a "facility staff person".

COMMON ISSUES REPORTED TO THE HELPDESK 33

- ▶ This is in the works.
- ▶ The release for this is unknown given other projects that are taking precedence.
- ▶ One of the big hurdles is finding a way to convert current Local Agency templates to the new format without having to re-do templates.
- ▶ Continue to create what you need using the HTML format.

WHEN CAN AGENCIES CREATE THEIR OWN DOCUMENTS?

34

- ▶ Child Safety and Permanency is reviewing all of the Child Protection documents as part of the task force process.
- ▶ The Child Protection documents cannot ever be Person documents. They are workgroup-specific.

MORE PARTING REMARKS

35

- ▶ Does the appeal or reconsideration text need to be on separate pages from the letters?
 - ▶ Not that I am aware of.
- ▶ Will the RTF editor have font style issues copying from an email or MS Word document?
 - ▶ This is dependent on how you paste the text into the RTF editor...it acts the same as pasting into other word processing programs.
