

Vendors with Duplicate County Individual Provider Names

Vendors listed on this report have individual providers linked to more than one vendor. Review these records to determine if you need to keep both vendors. If the vendors are duplicates, decide which one to keep and merge the duplicate into that one when V.3.8 is released. If the vendors have different county vendor numbers, and vendor import has not been turned on in, inactivate the county vendor number in your county accounting system for the vendor that is being merged/deleted to prevent that record from importing back into SSIS.

Cnty Vendor #	SSIS Provider	Vendor Name	# of Placements	SSIS Bus Org #	Individual Provider Name	SSIS Ind Provider Person
