

## Vendors with Duplicate County Vendor Numbers

Vendors listed on this report have duplicate county vendor #s. If the vendors have different SSIS Bus Org IDs, determine if you need to keep both of them. If the vendors are not duplicates, make the necessary changes by changing a county vendor number or deleting the vendor as appropriate. If the vendors are duplicates, decide which one to keep and merge the duplicate into that one. The merge functionality will be available in V.3.8.
