

Resource: Customized living provider settings only allowed to serve people on the BI and CADI waivers who are age 55 and older

Page updated: 10/5/22

This page is a resource for lead agencies and customized living providers who serve people on the Brain Injury (BI) and Community Access for Disability Inclusion (CADI) waivers. It includes a list of customized living provider **settings** only allowed to serve people on the BI and CADI waivers who are age 55 and older. DHS will update this page monthly.

Policy

The BI and CADI waiver customized living setting location and age limitations, as explained on [CBSM – Customized living](#), apply to customized living and 24-hour customized living service settings that were operational on or after Jan. 11, 2021.

The age limitation is programmed in MMIS to prohibit customized living service authorizations for people younger than age 55 if the provider's DHS HCBS provider enrollment record indicates their setting was operational on or after Jan. 11, 2021. If a provider setting is not included in this list and the provider setting is not recently enrolled, the setting may serve people under 55 if they meet the [location limitation](#) and [size limitation](#).

Provider list

If a provider believes their customized living or 24-hour customized living service setting is listed in error, they should contact the [MHCP Provider Resource Center](#).
